

Create **interactive,**  
**dynamic** presentations  
and documents  
to **engage** your  
participants

Ideal for large meetings,  
high-profile presentations,  
trainings and evergreen or  
semi-evergreen documents

Fast, easy  
document  
navigation

# Fast, easy navigation lets participants move through documents **quickly and efficiently.**

- Streamlined point-and-click navigation
- Keeps key pages instantly accessible
- Organizes your document into smaller learning modules
- Looks and feels like an interactive website – not another boring PPT deck

LIGHTHOUSE  
COMMUNICATIONS

# Your message **IS** important – make it **LOOK** important

Professional design – no more tedious PPT!

- If you're trying to inform, educate and inspire your participants, you need professional design
- Say goodbye to cookie-cutter PowerPoint decks, with font jumbles, clip art and inconsistent themes
- Make sure your presentations and documents get the attention they deserve.

A man in a dark suit and glasses is seen from the back, looking at a large white sign mounted on a wall. The sign has the words "LOOK HERE" in large, bold, yellow capital letters. The background shows a modern building with glass windows.

Controls pace  
and timing  
of presentation

# Use **text fields**, **checklists** and **radio buttons** to provide and record feedback

## TEXT FIELDS

How would this interactive document improve your next meeting or training?

1

## CHECKLISTS

I can't wait to tell the following people about this dynamic new approach:

2

Colleagues

Manager

Direct-Reports

Friends & Family

## RADIO BUTTONS

On a scale of 1 – 5, how cool is this?

3

1

2

3

4

5

Records feedback  
via multiple  
channels

# Get all this in a reliable, familiar **PDF format** – ready to use anytime, anywhere

- Easy to display and present – no special technology needed
- Can be hosted and downloaded like other Intranet files
- Can be emailed as needed, and printed on standard 8 ½" x 11" paper
- Feedback forms can be saved, printed and emailed with data intact

Robust PDF file  
format works in  
all environments
